Hi Becky

We're pulling together the appropriate contacts from ATSDR, NIEHS etc. Should I forward them to Nathan as we get them?

Thanks

Norm

The health agencies definitely need to be invited. ATSDR, NIOSH, and NIEHS have all been active participants at our meetings, and have been left out of the loop on this (intentionally by some, unintentionally by others.) They haven't expressed interest because they don't know this is going on - they weren't copied on NASA's original request or any of the subsequent responses.

Hi again,

Following up on this-- Paul is seeking your input on whether the health agencies (CDC, NIEHS, FDA, et al) need to be invited to this meeting? So far, he plans to include the offices who expressed interest: DOD, SBA, OMB, CEQ, and OSTP. He is thinking it will be a principles + 1 sort of thing.

Let me know your thoughts. Thanks!

Subject: NASA Briefing on IRIS

Hi Becki,

Heads up-- following up to the email traffic from NASA on IRIS a few weeks back, Paul just scheduled an IRIS Process Briefing for Olga Domingez (AA-Level, NASA) and her staff. It's set for Wednesday, September 7 from 2:00pm -3:00pm in 41213 RRB. Invites will go out once Paul determines who from other offices and Agencies needs to be included (which he plans to do today).

Paul said he hopes to chat about this with you tomorrow when you meet at noon.

We will keep you posted!

Thanks,

Becky Fried
